Creating a New Document

- Click the "New" button.
- Choose a template or start from a blank document.

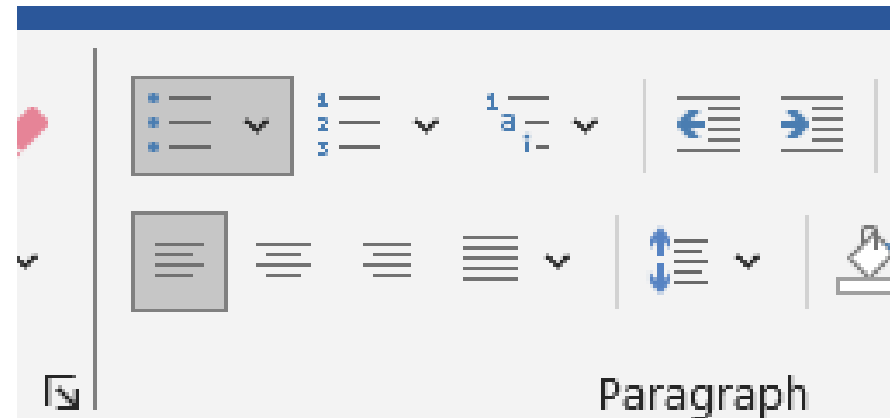

Typing Text

- Basic Formatting:
 - Font
 - Font size
 - Bold
 - Italic
 - Underline

Formatting Text

- Alignment:
 - Left-aligned
 - Centered
 - Right-aligned
 - Justified

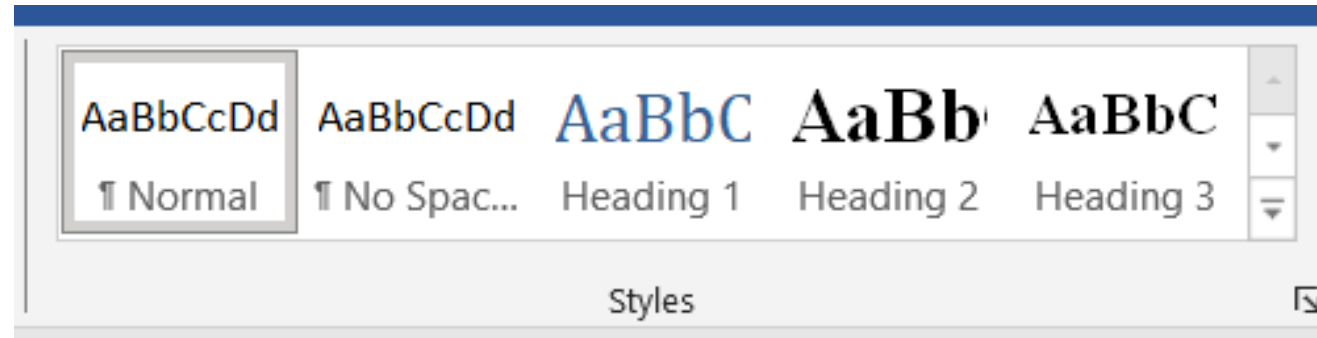

Using Styles

- Styles are pre-defined sets of formatting options.
- Benefits:

Consistency

Efficiency

Easy editing

Applying Styles

- Steps:

Select the text you want to format.

Click the "Styles" button and choose a style.

Select the text you want to format.

Using Themes

- Themes apply a consistent look and feel to your document
- Elements:
 - Colors
 - Fonts
 - Backgrounds

Applying Themes

- Steps:
 1. Go to "Design" tab.
 2. Choose a theme from the available options.

Headers and Footers

Purpose: Add information that appears at the top or bottom of every page.

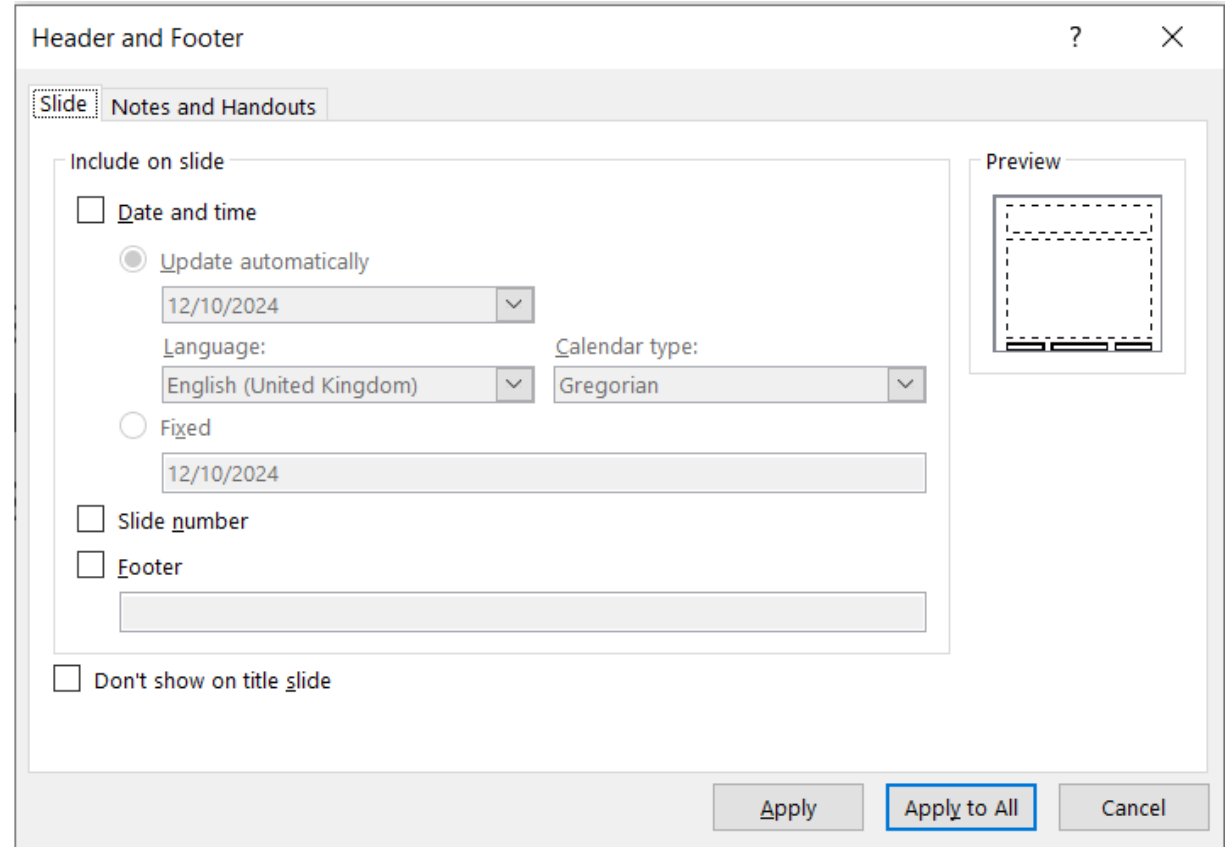

Page numbers

- Date
- Document title
- Common Elements:

Inserting Headers and Footers

Steps:

1. Go to "Insert" tab.
2. Click "Header" or "Footer."

The screenshot shows the 'Header and Footer' dialog box with the 'Slide' tab selected. The 'Include on slide' section has the following options:

- ☐ Date and time
 - ☒ Update automatically
 - Date: 12/10/2024
 - Language: English (United Kingdom)
 - Calendar type: Gregorian
 - ☐ Fixed
 - Date: 12/10/2024
- ☐ Slide number
- ☐ Footer

At the bottom, there is a checkbox for ☐ Don't show on title slide.

The 'Preview' section on the right shows a slide layout with a header and footer area indicated by dashed lines.

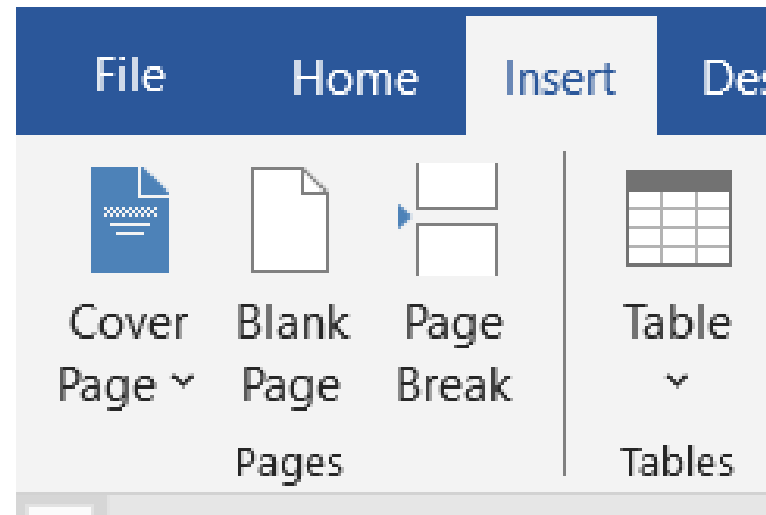

Buttons at the bottom: Apply, Apply to All (highlighted), Cancel.

Page Breaks

Purpose: Force a new page to start at a specific point.

Steps:

1. Go to "Insert" tab.
2. Click "Page Break."

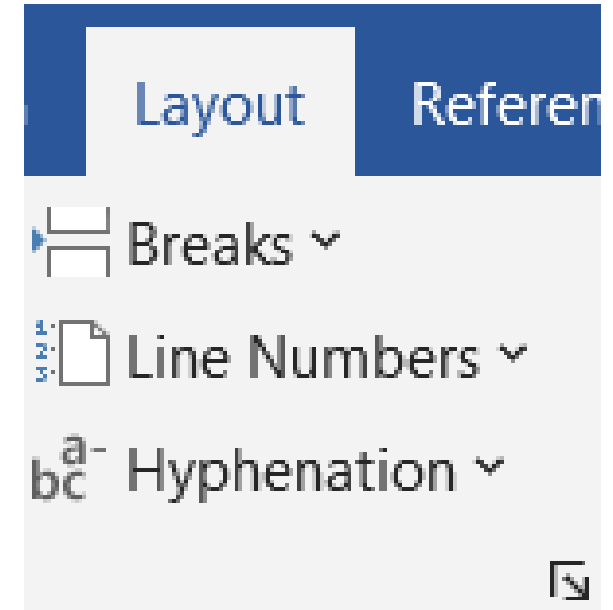

Sections

Purpose: Divide your document into separate sections with different formatting options.

Steps:

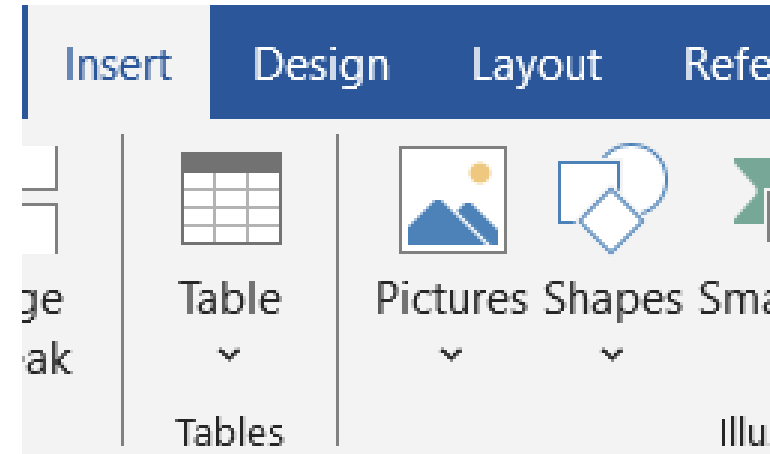

1. Go to "Layout" tab.
2. Click "Breaks" and choose a section break type.

Inserting Images

Steps:

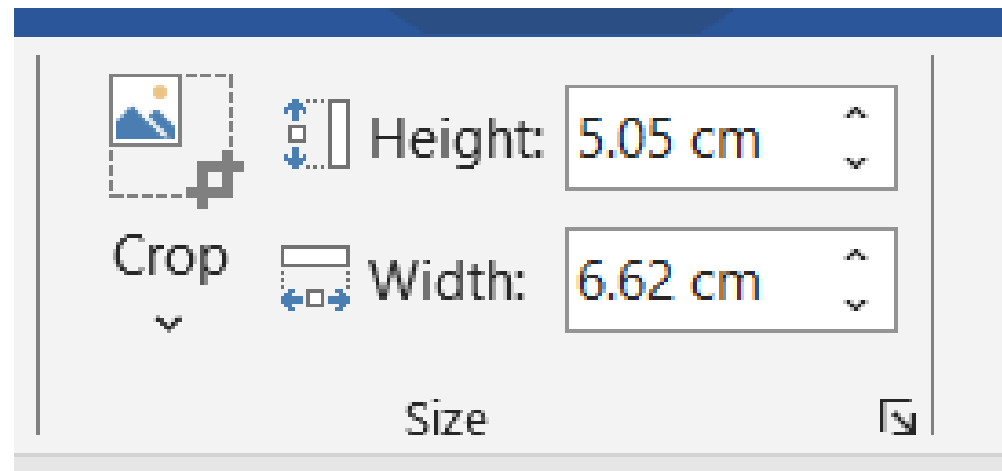

1. Go to "Insert" tab.
2. Click "Pictures."
3. Select an image file.

Resizing and Cropping Images

Steps:

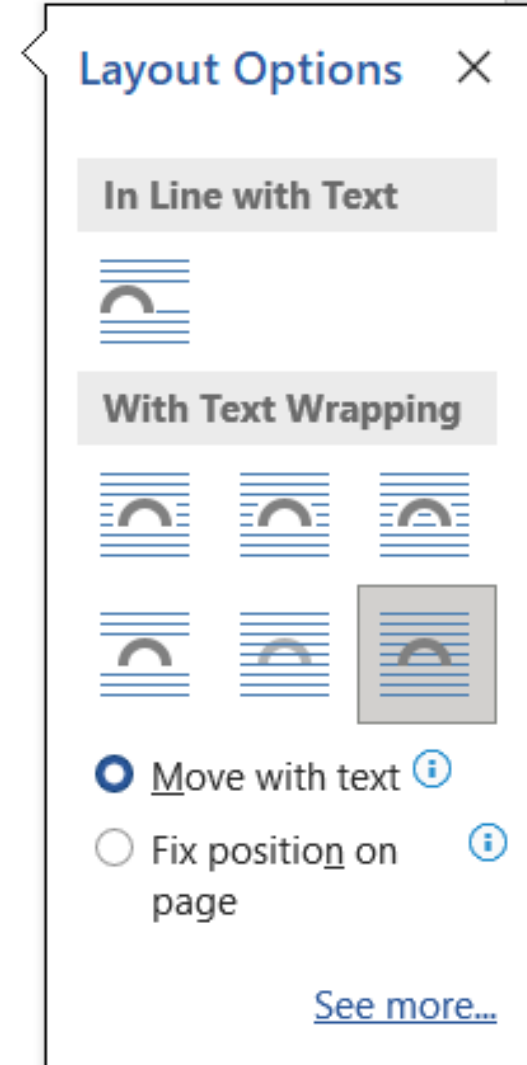

1. Click and drag the corners or sides of the image to resize.
2. Click the "Crop" button to remove unwanted parts.

Wrapping Text Around Images

Options:

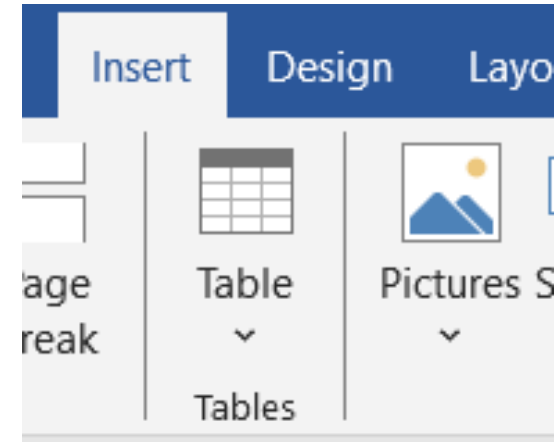

- In line with text
- Square
- Tight
- Through

Inserting Tables

Steps:

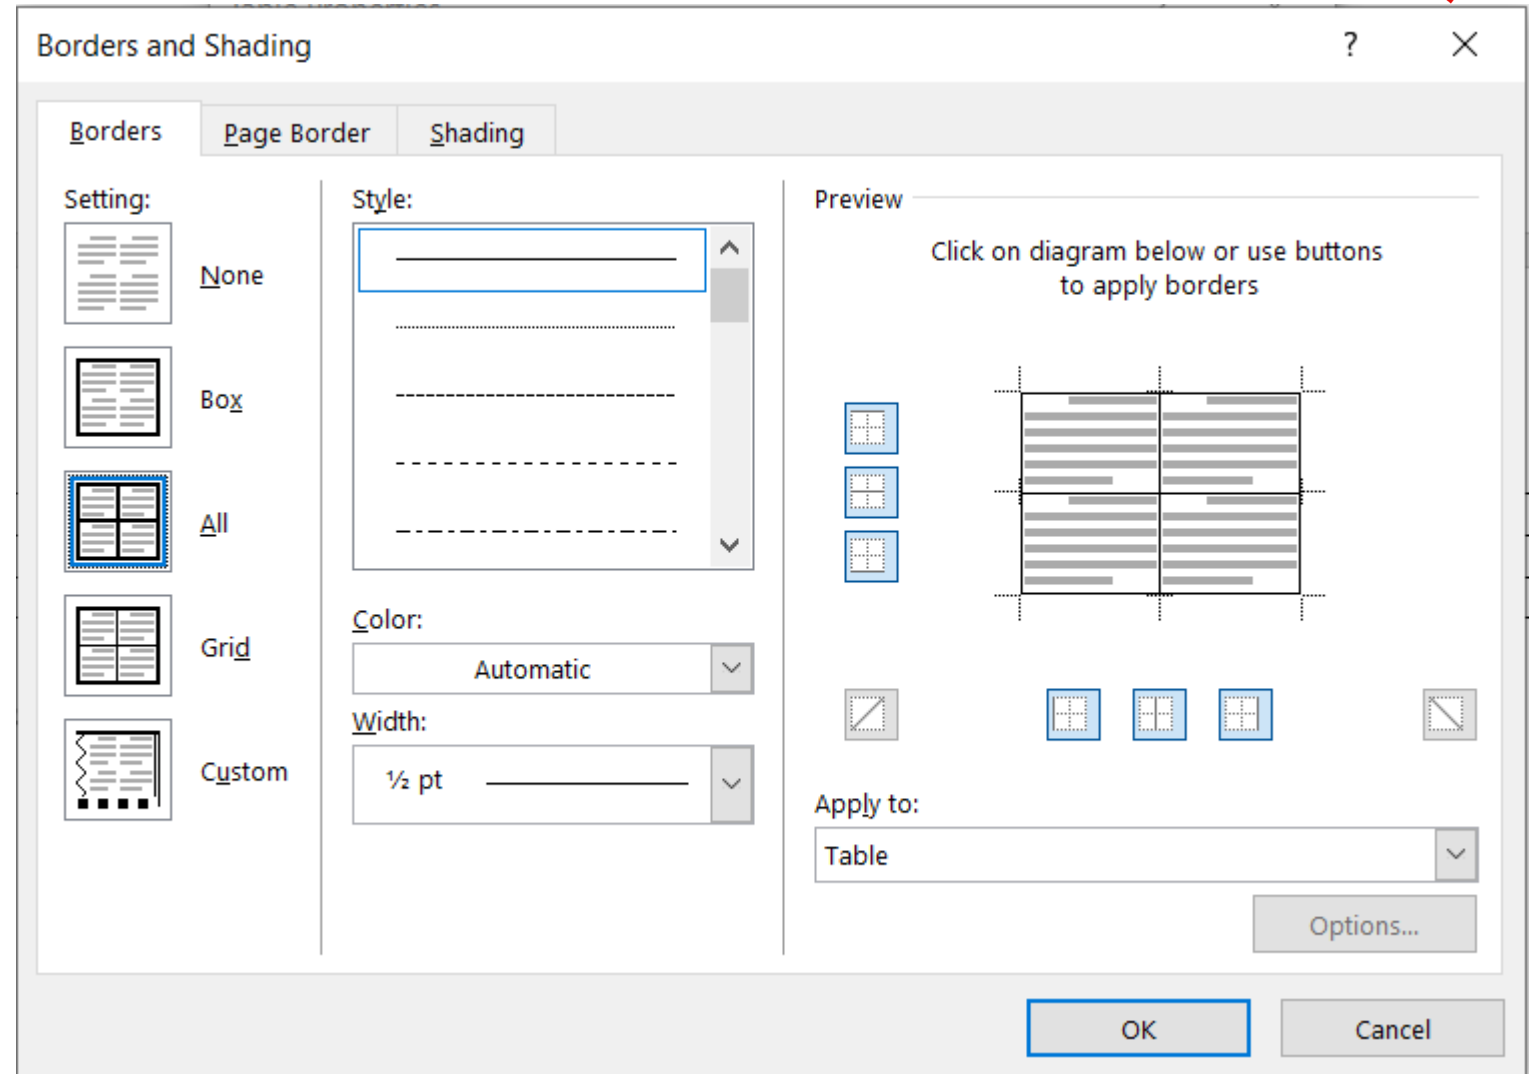

1. Go to "Insert" tab.
2. Click "Table."
3. Choose the desired number of rows and columns.

Formatting Tables

Options:

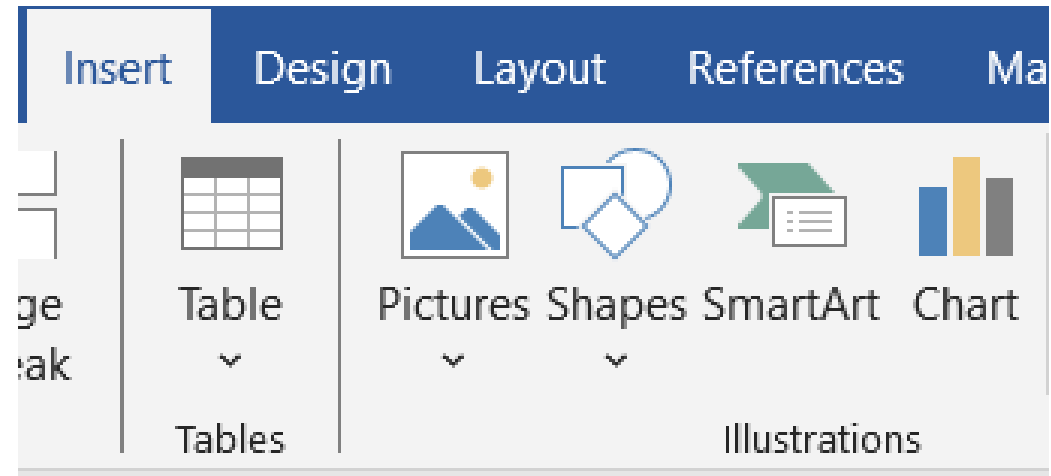

- Borders
- Shading
- Alignment

Inserting Charts

Steps:

1. Go to "Insert" tab.
2. Click "Charts."
3. Choose a chart type.

Linking and Hyperlinks

Linking:

Connect text or an image to another document or website.

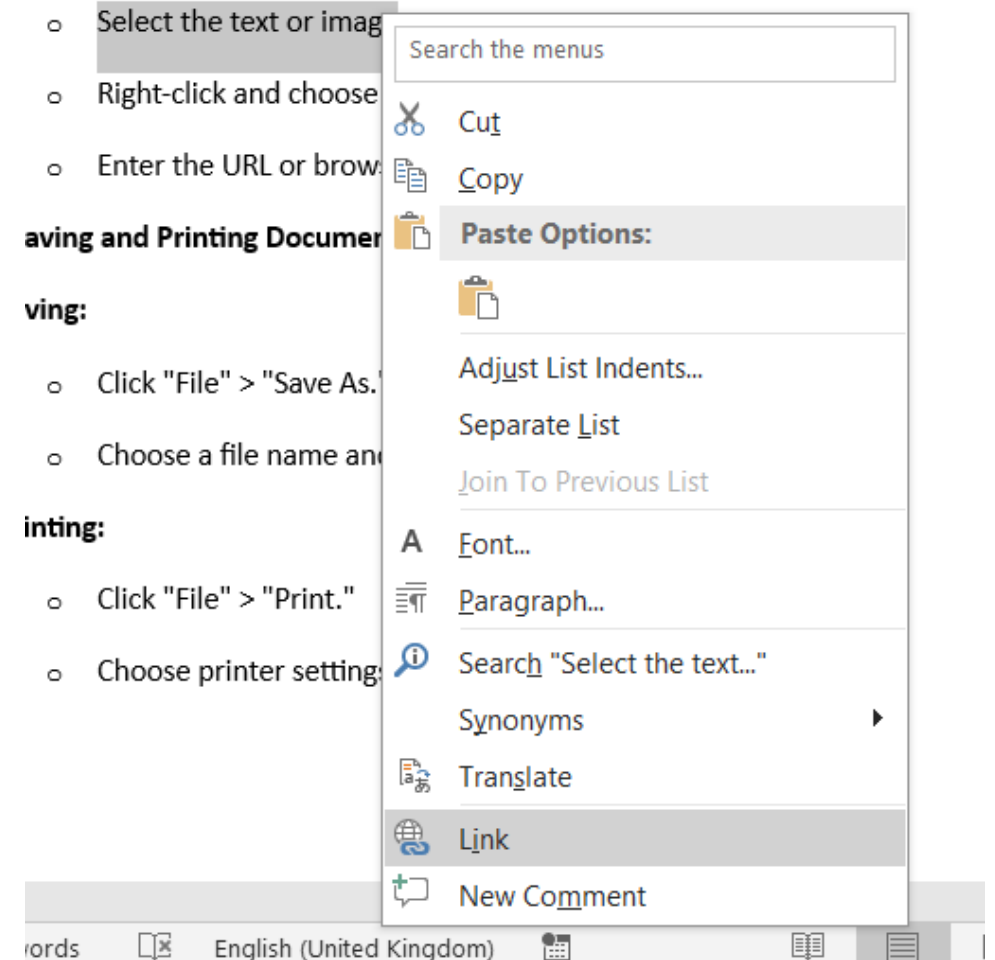

Hyperlinks:

Create clickable links within your document.

Creating Links

Steps:

1. Select the text or image.
2. Right-click and choose "Link."
3. Enter the URL or browse for the file.

Saving and Printing Documents

Saving:

1. Click "File" > "Save As."
2. Choose a file name and location.

Printing:

1. Click "File" > "Print."
2. Choose printer settings and options.

Exercise 1: Creating a Basic Document

- Task:

Create a document with your name, address, and phone number.

- Instructions:

Type the information using appropriate formatting.

Exercise 2: Formatting a Table

Task:

Create a table with three columns and five rows.

Instructions:

Insert a table and format it with borders and shading.

Thanks
