2. Choose "From Beginning" or "From Current Slide."

Printing Handouts

Purpose: Distribute printed copies of your presentation.

Options:

Outline format

Slides format

Notes pages

The screenshot shows the 'Print Layout' task pane in Microsoft PowerPoint. The left sidebar contains navigation options: Home, New, Open, Get Add-ins, Info, Save, Save As, History, Print (highlighted), Share, Export, and Close. The main area displays the 'Print Layout' options, which are categorized into 'Print Layout' and 'Handouts'. Under 'Print Layout', there are three options: 'Full Page Slides' (selected), 'Notes Pages', and 'Outline'. Under 'Handouts', there are nine options: '1 Slide', '2 Slides', '3 Slides', '4 Slides Horizontal', '6 Slides Horizontal', '9 Slides Horizontal', '4 Slides Vertical', '6 Slides Vertical', and '9 Slides Vertical'. Below these, there are checkboxes for 'Frame Slides', 'Scale to Fit Paper' (checked), 'High Quality', 'Print Comments' (checked), and 'Print Ink' (checked). At the bottom, there are three dropdown menus: 'Full Page Slides' (selected), 'Print 1 slide per page', 'Collated' (selected), '1,2,3 1,2,3 1,2,3', and 'Color' (selected). The 'Edit Header & Footer' link is visible at the bottom right.

Saving and Sharing Presentations

Saving:

- Click "File" > "Save As."
- Choose a file name and location.

Sharing:

- Save the presentation as a PDF or PowerPoint file.
- Share it via email, cloud storage, or a USB drive.

Exercise 1: Creating a Basic Presentation

Task: Create a presentation with three slides about your favorite hobby.

Instructions:

- Add text, images, and a transition effect.

Exercise 2: Using Animations

Task: Create a presentation with animated text and images.

Instructions:

- Add animations to your content.

Exercise 3: Delivering a Presentation

Task: Practice delivering your presentation to a friend or family member.

Instructions:

- Use a timer and pay attention to your pacing and delivery.
